

HB 104 -- STUDENT FREEDOM OF ASSOCIATION ACT

SPONSOR: Haahr

This bill prohibits an institution of higher learning from taking any action or enforcing any policy that denies a religious student association any benefit available to other student organizations or from discriminating against a religious student organization with respect to the benefit based on any of the religious requirements or leadership standards placed on the organization.

The bill prohibits any institution of higher learning from substantially burdening a student's exercise of religion except in furthering a compelling interest of the public institution of higher learning if it actually furthers that interest and is the least restrictive means for doing so.

Any student or religious student association that has been aggrieved by a violation of these provisions may assert the violation as a claim or defense in a judicial or administrative proceeding against the public institution of higher learning and obtain appropriate relief, including damages.
